**TO WHOM IT MAY CONCERN**

The Costa Group of Companies recently took over Chiquita Brands South Pacific Limited and has now joined both trading divisions to form CostaExchange Limited. This new entity is now a multi billion dollar company and we are going through a period of restructuring which requires the appointment of many senior and experienced personnel.

We recently recruited a Director of People & Culture and the successful candidate required a temporary visa. We approached Four Corners Emigration because Chiquita had dealt with them in the past and were happy with their work.

I was extremely happy with the level of service I received from Matthew Garvey and his team. They assisted us in completing the relevant paperwork and sent it off to the Immigration Department. The visa was processed quickly and the whole process was surprisingly easy.

We are now in the process of obtaining a permanent visa for the above employee and I will also be using Four Corners for any future visa requirements.

I would not hesitate to recommend them to any organisation as I found them to be professional and very efficient.

Regards,

Ivanka Gale
